

New Launches 2024

Missed the boat in 2023?

There are still many new launches to look forward to in 2024.

As a prospective home buyer, you may still be deciding whether to buy a new home in this environment of higher interest rates. With no clear indication of when the Federal Reserve will cut interest rates, we expect them to remain elevated in the medium term.

Furthermore, with recent land sales reaching benchmark pricing, we can expect new home prices to rise further. So perhaps, the time to buy a new home is now.

If you haven't found your ideal new home in 2023, there's no need to worry. 2024 is poised to welcome more than 30 new homes, including the launch of 1 EC. This will provide prospective home buyers with an abundance of options.
